# terms & conditions

## TERMS & CONDITIONS

### Order Minimums:

A minimum order of 6 is required on all uniforms, unitops, warm-ups, other custom manufactured items and package specials. A minimum of 10 is required on all Tackle Twill lettering orders and a minimum of 4 is required on all reorders.

### Previous Order Matching and New Order Matching:

We will match new items to previously ordered items. Provide us with complete information when placing the matching order. We may require you to provide us with photos and/or detailed descriptions of the previously ordered items. All fabric colours will be matched as close as possible. Cheer Gear can not guarantee a perfect colour match on all items because of varying degrees of dye absorption which may cause varying degrees of shading. We can also copy old uniforms to a 95% accuracy match, however, we will need a uniform to copy.

### Lettering:

A minimum order of 10 is required on all new tackle twill lettering and all reorders will require a minimum of 4.

Printing & embroidery requires a minimum of x6 minimum garments or x4 for reorders.

### Payment Information:

Full payment is required by School Cheque, Money Order, or Credit Card (VISA, Master Card,) at the time of your order. Any order not accompanied with full payment can not be processed. For any payment questions or issues, **please call us on 07 3822 3585**

### Cancellations:

All Cheer Gear uniforms and other items are manufactured specially for you and your cheer squad. Therefore, once your order is processed, we cannot cancel or make changes to your order. Please address any questions or issues you may have before placing the final order.

### PLEASE ORDER CAREFULLY

Lycra and Motionflex uniforms have more give in them than the Polyester, therefore you can allow exact to skin measurements and they will stretch more.

Motion flex(Lycra or Form flex) material: 15% Nylon with 85% Spandex, this is 4-way stretch material not 2-way stretch material, ideal for long sleeve uniforms.

Polyester (Poly) material: 100% Polyester has very limited stretch, this does however hold it's shape very well. We also like to combine a stretch rib back as well as a zip on all shell tops.

**ALL UNIFORMS MUST BE WARM HAND WASHED & FOR BEST RESULTS COLD WASH FOR ALL UNIFORMS CONTAINING WHITE MATERIAL. DO NOT MACHINE WASH UNIFORMS WITH METALLIC BRAID.**
